

TALENT ATTRACTION 2022

recruiting campaign for AI jobs in Berlin

Our recruiting campaign

We offer

at least **four months** professional recruiting support including:

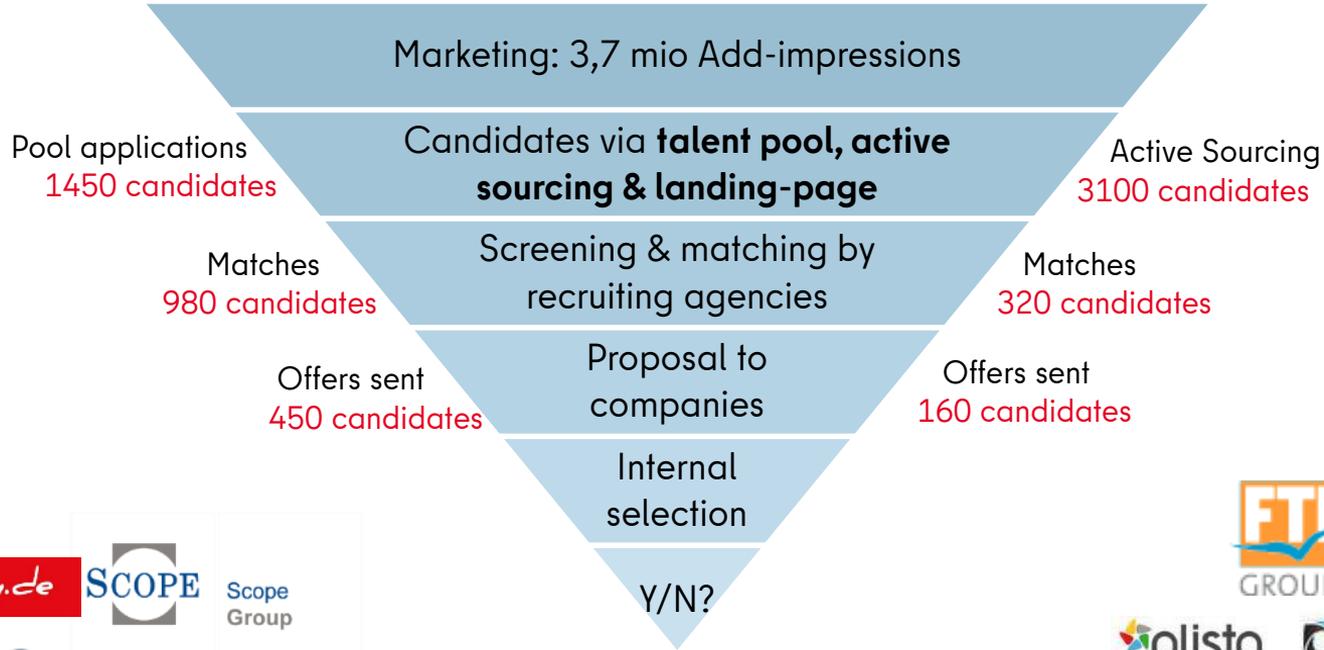

- international **talent attraction** on social media and events
- **talent pool**: potential candidates will be **matched** by an AI-based ATS provider and **invited** to apply
- **low participation fee** (subsidized)
- experience with **2 successful IT campaigns**

Your benefits

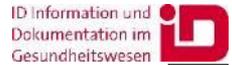

- **more visibility** as an employer brand bringing new candidates into **your recruiting pipeline**
- **professional**, feedback-oriented cooperation with Berlin Partner and the involved AI-based ATS provider
- **direct contact** to highly qualified and preselected talents
- the chance to **hire suitable candidates** without any further fees

References: results of our two previous IT recruiting campaigns

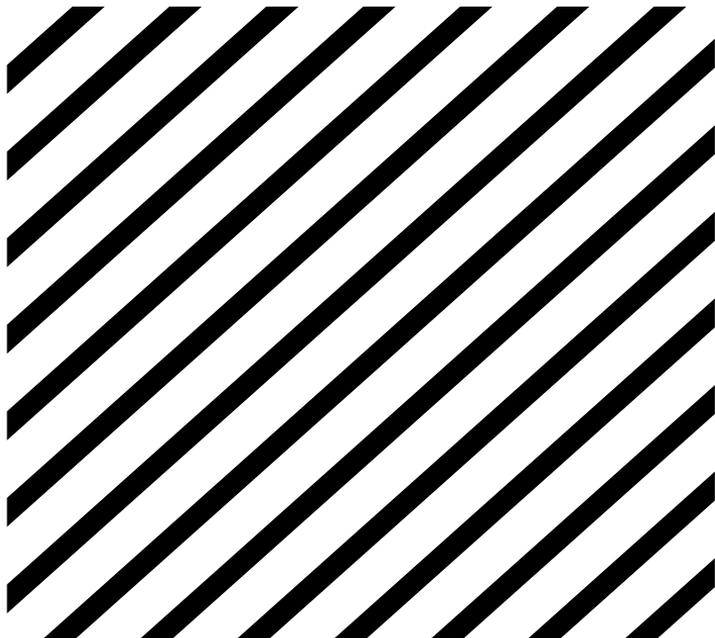

Employment contracts **37**
